

## *The Murder*

It is early evening and the family, friends and associates of the Late Count Blackwell have gathered for dinner and the reading of his will.

The Count's mysterious death occurred just the night before.

His remains were discovered in the library by his wife Elenor (the Countess) around 1 AM. He had been reduced to a puddle of blood and smoking ash.

Recently the Count's safe had been opened and it's contents stolen.

Can you solve this horrific murder and theft?

## **Bella Hunter** *Human*

Bella is a sweet, innocent 17-year-old girl; her father is the main gardener for the Blackwell family and has shielded her from the strange goings-on that happen at the Blackwell manor. Despite all this she is in love with Edward Blackwell, the youngest son of Count Blackwell.

*Costume: Typical seventeen-year-old attire, possibly dressed a little formal. She could wear a ribbon in her hair.*
